

SOUND 1.4.0

Experience a captivating sound through the alphatronicsSound 1.4.0 - Bluetooth 4.2 soundbar. The high-end soundbar is just 48 cm wide, and has been specifically optimised for the special conditions in motorhomes and caravans. The coordinated full-range stereo system enables an optimal bass volume despite the extremely flat design. The use of high-quality loudspeaker membranes with an output power of 2x 20 watts (RMS) guarantees superior listening pleasure. Cabled connection is also an option if required.
